Pipe Welding 3

# JET-BLASTING

With sufficient, qualified, experienced and skilled staff, you can be assured that AQNP Solutions get it right the first time every time.

AQNP Solutions use the latest equipment of certified brands and products on the market to ensure the highest possible standards are met and superior workmanship is delivered consistently.

We have the equipment and expertise necessary to complete any industrial jet blasting.

# INDUSTRIAL CLEANING

We always  
take proactive  
approach

**AQNP** has been operating since 2011 and regularly services industrial sites

including Sun Metals Corporation, Sewage Treatment Plant, Hamilton Harbour BMG etc.

We carefully select people, equipment and cleaning products based on the specific needs of each site.

## Make a positive change

Whether you are outsourcing your workplace's cleaning for the first time, searching for a more reliable alternative to your current cleaning provider or shopping around to make sure you are getting value for money, you should speak with AQNP.
